Cranston, Rhode Island 02920

Division of Commercial Licensing  
Real Estate Appraisers Section

**'HOW TO' UPGRADE A CREDENTIAL**

The following three components must be completed in order to upgrade an existing credential:

**I. Education**

- Qualifying or “core” education that is at a minimum 15 hours including examination; all of which must have been completed within the five year period prior to the date of submission of an application/upgrade request.
- In additional to the qualifying education requirement, each applicant must also, if applicable, satisfy the college-level requirement for their desired level.

**II. Experience**

- The experience requirement must be satisfied by time spent on the appraisal process. The appraisal process consists of: analyzing factors that affect value; defining the problem; gathering and analyzing data; applying the appropriate analysis and methodology; and arriving at an opinion and correctly reporting the opinion in compliance with USPAP. Hours are treated as cumulative in order to achieve the necessary number of hours of appraisal experience.

**III. Examination**

- Successful completion of an AQB approved Real Property Appraiser examination.

**'WHAT TO' SUBMIT FOR AN UPGRADE**

1. A letter of intent.
2. The certificates of completion for the required qualifying or “core” education for the classification type you are seeking. If applicable, an official sealed copy of the college/university degree transcript.
3. A completed Appraisal Experience Log signed by both the licensee and their supervisory appraiser on each page of log, including total number of hours worked per page.

- Upon receipt of the aforementioned documentation, you will be contacted via regular mail as to which reports from the experience log should be submitted for review by a member of the Board. Should the Board approve the submitted reports; an approved examination card will be sent to you via regular mail.
