

APPRAISER QUALIFICATION BOARD – JOB ANALYSIS SURVEY

Beginning today, February 12, 2014, the Appraiser Qualifications Board (AQB) will begin distributing an online survey to licensed and certified real estate appraisal professionals as part of a practice analysis. **The deadline to complete the survey is March 26, 2014.**

The purpose of the practice analysis is to identify tasks and competencies reflective of the real estate appraiser job role in order to update the examination content outlines for the AQB National Uniform Licensure and Certification examinations.

Please distribute this link to the survey:

<https://www.surveymonkey.com/s/AQBSURVEY>

Participation is essential to the success of the practice analysis. This is a fantastic way for licensed and certified appraisers to give back to the profession and make sure their perspective is counted in the development of a comprehensive and representative reflection of the job role.

In appreciation of participants contribution, we will be raffling off **\$50 gift cards to ten randomly-selected respondents** who complete the survey.

Please direct all inquiries about this survey to aqbsurvey@appraisalfoundation.org.

Thank you very much!

Sincerely,

Wayne R. Miller
Chair, Appraiser Qualifications Board
