A purported class action has been filed against Metropolitan Casualty Insurance Company, in Florida. The complaint alleges breach of contract and unfair trade practices with respect to allowing the use of parts not made by the original manufacturer to repair damaged automobiles. No significant activity has occurred in several years.

Two purported nationwide class actions have been filed against Metropolitan Property and Casualty Insurance Company in Illinois. One suit claims breach of contract and fraud due to the alleged underpayment of medical claims arising from the use of a purportedly biased provider fee pricing system. A motion for class certification has been filed and is scheduled to be argued on August 21, 2008. The second suit claims breach of contract and fraud arising from the alleged use of preferred provider organizations to reduce medical provider fees covered by the medical claims portion of the insurance policy. The fraud claim has been dismissed by the court.

NOTES TO FINANCIAL STATEMENTS

A purported class action has been filed against Metropolitan Property and Casualty Insurance Company in New Jersey Federal Court challenging MPC's use of the Mitchell Medical information and software to determine what constitutes reasonable payment of medical services under medpay and no fault coverages. Plaintiff seeks to represent both insureds whose claims for medical expenses were paid at less than the submitted amount and the medical service providers who obtained written assignments from those insureds. The alleged claims are for breach of contract and violation of state consumer protection statutes. A motion to dismiss is being prepared.

A purported Louisiana class action was filed against Metropolitan Property and Casualty Insurance Company in Louisiana federal court on behalf of insureds who incurred total property losses as a result of Hurricane Katrina. Plaintiffs claim they are entitled to coverage under a theory that Louisiana's "valued policy" law requires carriers to pay policy limits whenever an insured residence is declared a total loss and any of the damage is caused by a covered peril (for example, wind) even though some of the damage was caused by an excluded peril (for example, water). Some individual lawsuits challenging the denial of claims for property damage related to Hurricane Katrina have also been filed. Metropolitan Property and Casualty Insurance Company intends to vigorously defend these actions.

A putative collective action and class action has been filed against Metropolitan Property and Casualty Insurance Company in the U.S. District Court for the District of Connecticut alleging violations of the Fair Labor Standards Act and state wage and labor laws. The action is filed on behalf of current and former employees who worked as field adjusters, field appraisers or outside adjusters. The motion of Metropolitan Property and Casualty Insurance Company to dismiss the state law class action claims was granted. The Court denied Metropolitan Property and Casualty Insurance Company's motion for summary judgment and granted the Plaintiff's motion to proceed as a collective action under the Fair Labor Standards Act, to compel expedited disclosure of the names and addresses for the putative class and for permission to send a notice and consent document to all similarly situated individuals. A tentative settlement agreement has been agreed to and will be submitted to the Court for approval.

A bad faith suit has been filed against Metropolitan Group Property and Casualty Insurance Company in Arizona state court by a former insured alleging that Met Group improperly refused to deem his vehicle a total loss due to damage suffered when it was stolen. The insured claims there were unnecessary delays in the adjustment of the claim, and that Met Group's refusal to pay for the replacement of his vehicle was financially motivated. Met Group is vigorously defending this matter which is scheduled for trial in February, 2009.

A bad faith claim has been made against Metropolitan Property and Casualty Insurance Company by a Florida insured. While an action has not been filed, discussions with claimant's attorney indicated that an extra-contractual claim would be filed against MPC alleging that it breached its duty to offer the policy limits after it knew, or should have known, that the claim was worth the limits. MPC's reinsurers were notified of this bad faith claim. In March 2008, the case was settled at mediation for \$10 million. Full settlement has been executed and MPC has recovered \$7.2 million from its bad faith reinsurers.

Various litigation claims, and assessments against the Company, in addition to those discussed above and those otherwise provided for in the Company's financial statements, have arisen in the course of the Company's business, including but not limited to, in connection with its activities as an insurer, employer and taxpayer. Further, state insurance regulatory authorities and other federal and state authorities regularly make inquiries and conduct investigations concerning the Company's compliance with applicable insurance and other laws and regulations.

It is not feasible to predict or determine the ultimate outcome of all pending investigations and legal proceedings or provide reasonable ranges of potential losses, except as noted above in connection with specific matters. In some of the matters referred to above, very large and/or indeterminate amounts, including punitive and treble damages, are sought. Although in light of these considerations it is possible that an adverse outcome in certain cases could have a material adverse effect upon the Company's financial position, based on information currently known by the Company's management, in its opinion, the outcomes of such pending investigations and legal proceedings are not likely to have such an effect. However, given the large and/or indeterminate amounts sought in certain of these matters and the inherent unpredictability of litigation, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's financial statements.
