The complaint has been dismissed.

Two purported nationwide class actions have been filed against MPC in Illinois. One suit claims breach of contract and fraud due to the alleged underpayment of medical claims arising from the use of a purportedly biased provider fee pricing system. A motion for class certification was argued on November 10, 2008 and a decision is pending. The second suit claims breach of contract and fraud arising from the alleged use of preferred provider organizations to reduce medical provider fees covered by the medical claims portion of the insurance policy. The fraud claim has been dismissed by the court.

A purported class action has been filed against MPC in Oklahoma. The suit claims breach of contract and fraud arising from the alleged use of preferred provider organizations to reduce medical provider fees covered by the medical claims portion of the insurance policy. MPC's motion to dismiss the suit was denied and MPC is vigorously defending the suit.

NOTES TO FINANCIAL STATEMENTS

A purported class action has been filed against MPC in New Jersey Federal Court challenging MPC's use of the Mitchell Medical information and software to determine what constitutes reasonable payment of medical services under medpay and no fault coverages. Plaintiff seeks to represent both insureds whose claims for medical expenses were paid at less than the submitted amount and the medical service providers who obtained written assignments from those insureds. The alleged claims are for breach of contract and violation of state consumer protection statutes. MPC's motion to dismiss has been granted and plaintiffs have filed an appeal.

A purported Louisiana class action was filed against MPC in Louisiana federal court on behalf of insureds who incurred total property losses as a result of Hurricane Katrina. Plaintiffs claim they are entitled to coverage under a theory that Louisiana's "valued policy" law requires carriers to pay policy limits whenever an insured residence is declared a total loss and any of the damage is caused by a covered peril (for example, wind) even though some of the damage was caused by an excluded peril (for example, water). Some individual lawsuits challenging the denial of claims for property damage related to Hurricane Katrina have also been filed. MPC intends to vigorously defend these actions.

A bad faith suit has been filed against the Company in Arizona state court by a former insured alleging that the Company improperly refused to deem his vehicle a total loss due to damage suffered when it was stolen. The insured claims there were unnecessary delays in the adjustment of the claim, and that the Company's refusal to pay for the replacement of his vehicle was financially motivated. After a four week trial, on March 20, 2009 the jury awarded the plaintiff \$155,000 in compensatory damages and \$55 million in punitive damages. The Company is confident that the punitive damage award will ultimately be reduced to between \$155,000 to \$1.5 million.

A purported collective action has been filed against MPC in U.S. District Court for the Eastern District of New York alleging violations of the Fair Labor Standards Act. The action is filed on behalf of current and former investigators in MPC's "Special Investigations Unit". MPC is currently reviewing the claim and an answer has not yet been filed.

Various litigation claims, and assessments against the Company, in addition to those discussed above and those otherwise provided for in the Company's financial statements, have arisen in the course of the Company's business, including but not limited to, in connection with its activities as an insurer, employer and taxpayer. Further, state insurance regulatory authorities and other federal and state authorities regularly make inquiries and conduct investigations concerning the Company's compliance with applicable insurance and other laws and regulations.

It is not feasible to predict or determine the ultimate outcome of all pending investigations and legal proceedings or provide reasonable ranges of potential losses, except as noted above in connection with specific matters. In some of the matters referred to above, very large and/or indeterminate amounts, including punitive and treble damages, are sought. Although in light of these considerations it is possible that an adverse outcome in certain cases could have a material adverse effect upon the Company's financial position, based on information currently known by the Company's management, in its opinion, the outcomes of such pending investigations and legal proceedings are not likely to have such an effect. However, given the large and/or indeterminate amounts sought in certain of these matters and the inherent unpredictability of litigation, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's financial statements.
