NOTES TO FINANCIAL STATEMENTS

1. Nature of Operations and Summary of Significant Accounting Policies**A. Accounting Practices**

The accompanying financial statements of Metropolitan Group Property and Casualty Insurance Company (“the Company”) have been prepared in conformity with accounting procedures prescribed or permitted by the National Association of Insurance Commissioners Accounting Practices and Procedures Manual and the State of Rhode Island.

B. Use of Estimates

No change.

C. Accounting Policy

(1) – (5) No change.

(6) Mortgage-backed bonds included in bonds are generally stated at amortized cost using the scientific method unless they have a NAIC rating designation of 3, 4, 5 or 6 which are stated at the lower of amortized cost or fair value. Amortization of the discount or premium from the purchase of these securities considers the estimated timing and amount of prepayments of the underlying mortgage loans. Actual prepayment experience is periodically reviewed and effective yields are recalculated when differences arise between the prepayments originally anticipated and the actual prepayments received and currently anticipated. For credit-sensitive mortgage-backed and asset-backed bonds and certain prepayment-sensitive bonds (e.g., interest-only securities) the effective yield is recalculated on a prospective basis. For all other mortgage-backed and asset-backed bonds the effective yield is recalculated on a retrospective basis.

For certain residential mortgage-backed securities (“RMBS”), both an initial and final NAIC designation is determined on a security-by-security basis based on a range of values published by the NAIC. The initial designation is used to determine the carrying value of the RMBS. RMBS with initial designations of 1-5 are stated at amortized cost while RMBS with initial designations of 6 are stated at the lower of amortized cost or fair value. The final designation calculation compares this carrying value with a range of values, resulting in a final NAIC designation reported herein, which is used for all other accounting and reporting purposes.

B. Guarantee Fund Assessments

Texas Windstorm Insurance Association ("TWIA") was created by the State of Texas to provide wind and hail insurance coverage to property owners unable to obtain this coverage in the private insurance market. TWIA is a pool of all property and casualty insurance companies authorized to write coverage in Texas. TWIA can levy an assessment on participating companies for a financial deficit. The State of Texas allows insurers to recoup these assessments through premium tax credits that may be carried forward from year to year until the total assessment is fully recouped. TWIA reported losses from Hurricane Ike in the third quarter of 2008 and determined that an initial assessment of pool members in the amount of \$430 million was necessary.

As of December 31, 2008, the total estimated expected future assessments by TWIA were recorded by MPC. MPC recorded an asset for recoverable state assessments that it expects to recover through premium tax credits over approximately the next 9 years. Due to a decrease in MPC's and its affiliates' share of losses from Hurricane Ike as of June 30, 2009, the recoverable state assessment expected to be recouped through premium tax credits filings over the next 5 years was reduced to \$1,345,500. In February 2009, MPC applied \$269,100 in premium tax credits against its 2008 tax liability, further reducing the recoverable state assessments. In June 2009, the Texas Comptroller's Office provided a breakdown of the premium tax credit by writing company. The premium tax credits for MPC's affiliates were recorded by MPC's affiliates as of June 30, 2009, and reduced MPC's recoverable state assessments. The Company's share in recoverable state assessments as of June 30, 2010 is \$42,991.

The contingency footnote has been prepared on a combined basis for MPC and its subsidiaries and affiliates. The Company is a wholly owned subsidiary of MPC.

Two purported nationwide class actions have been filed against MPC in Illinois. One suit claims breach of contract and fraud due to the alleged underpayment of medical claims arising from the use of a purportedly biased provider fee pricing system. A motion for class certification was argued on November 10, 2008 and a decision is pending. The second suit claims breach of contract and fraud arising from the alleged use of preferred provider organizations to reduce medical provider fees covered by the medical claims portion of the insurance policy. The fraud claim has been dismissed by the court.

A purported class action has been filed against MPC in Oklahoma. The suit claims breach of contract and fraud arising from the alleged use of preferred provider organizations to reduce medical provider fees covered by the medical claims portion of the insurance policy. MPC's motion to dismiss the suit was denied and MPC is vigorously defending the suit.

A purported Louisiana class action was filed against MPC in Louisiana federal court on behalf of insureds who incurred total property losses as a result of Hurricane Katrina. Plaintiffs claim they are entitled to coverage under a theory that Louisiana's "valued policy" law requires carriers to pay policy limits whenever an insured residence is declared a total loss and any of the damage is caused by a covered peril (for example, wind) even though some of the damage was caused by an excluded peril (for example, water). The matter was dismissed and individual actions have been filed. MPC intends to vigorously defend these actions.

A bad faith suit has been filed against the Company in Arizona state court by a former insured alleging that the Company improperly refused to deem his vehicle a total loss due to damage suffered when it was stolen. The insured claims there were unnecessary delays in the adjustment of the claim, and that the Company's refusal to pay for the replacement of his vehicle was financially motivated. After a four week trial, on March 20, 2009 the jury awarded the plaintiff \$155,000 in compensatory damages and \$55 million in punitive damages. Following the Company's motion, the trial judge reduced the punitive damage award to \$620,000 and entered a judgment, inclusive of fees and costs for \$1.5 million. It is expected that the plaintiff will appeal.

A putative collective action has been filed against MPC in the U.S. District Court for the District of Rhode Island alleging violations of the Fair Labor Standards Act and state wage and labor laws. The action is filed on behalf of current and former employees who worked as investigators for the Special Investigation Unit. The court granted the plaintiff's permission to send a notice to all similarly situated individuals. Four current employees joined the action and the suit has been settled.

A putative class action has been filed against MPC in the U. S. District Court for the District of Rhode Island alleging bad faith in the adjustment of total loss claims. The action is filed on behalf of all insureds who had a total loss replacement endorsement and who received payment for the repairs to their automobile rather than payment for replacement of the damaged vehicle. MPC will vigorously defend this matter.

NOTES TO FINANCIAL STATEMENTS

Various litigation claims, and assessments against the Company, in addition to those discussed above and those otherwise provided for in the Company's financial statements, have arisen in the course of the Company's business, including but not limited to, in connection with its activities as an insurer, employer and taxpayer. Further, state insurance regulatory authorities and other federal and state authorities regularly make inquiries and conduct investigations concerning the Company's compliance with applicable insurance and other laws and regulations.

It is not feasible to predict or determine the ultimate outcome of all pending investigations and legal proceedings or provide reasonable ranges of potential losses, except as noted above in connection with specific matters. In some of the matters referred to above, very large and/or indeterminate amounts, including punitive and treble damages, are sought. Although in light of these considerations it is possible that an adverse outcome in certain cases could have a material adverse effect upon the Company's financial position, based on information currently known by the Company's management, in its opinion, the outcomes of such pending investigations and legal proceedings are not likely to have such an effect. However, given the large and/or indeterminate amounts sought in certain of these matters and the inherent unpredictability of litigation, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's financial statements.
