NOTES TO FINANCIAL STATEMENTS

Note 1 - Summary of Significant Accounting Policies

A. Accounting Practices

The accompanying financial statements of AAA Southern New England Insurance Company (the Company) have been prepared in conformity with the accounting practices prescribed by the National Association of Insurance Commissioners (NAIC) or otherwise permitted by the State of Rhode Island Department of Business Regulation - Insurance Division. The NAIC Accounting Practices and Procedures manual, version effective January 1, 2001, (NAIC SAP) has been adopted as a component of prescribed or permitted practice by the State of Rhode Island.

Net income for the twelve months ended December 31, 2012 amounts to \$1,718,329 and surplus as of December 31, 2012 amounts to \$42,274,372.

B. Use of Estimates

The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

Net investment income earned consists primarily of interest and dividends less related expenses. Interest is recognized on an accrual basis and dividends are recognized on an ex-dividend basis. Net realized capital gains (losses) are recognized on a specific identification basis when securities are sold, redeemed, or otherwise disposed. Realized capital losses include writedowns for impairments considered to be other than temporary.

In addition, the Company uses the following accounting policies:

1. Short-term investments are accounted for in the same manner as similar long-term investments in accordance with Statement of Statutory Accounting Principles (SSAP) No. 2.
2. Bonds are generally stated at amortized cost using the scientific method. Bonds containing call provisions are amortized to either the call or maturity value / date, whichever produces the lowest asset value (yield to worst), in accordance with SSAP No. 26. Bonds that are designated highest-quality and high-quality (NAIC designation 1 and 2, respectively) are reported at amortized cost. Non-investment grade bonds with NAIC designations of 3 through 6 are stated at the lower of amortized value or fair value.
3. Common stocks are stated at fair value.
4. The Company has no preferred stocks.
5. The Company has no mortgage loans.
6. Investment grade loan-backed securities are stated at amortized cost. The retrospective adjustment method is used to determine amortized cost for all loan-backed securities. Non-investment grade loan-backed securities with NAIC designations of 3 through 6 are stated at the lower of amortized cost or fair value.
7. The Company has no investments in subsidiaries and affiliated companies.
8. The Company has no joint ventures or partnerships.
9. The Company has no derivatives.
10. The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53, Property - Casualty Contracts - Premiums.
11. Unpaid losses and loss adjustment expenses (LAE) include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.
12. The Company has no prepaid expenses, electronic data processing equipment, software, furniture, vehicles, other equipment, or leasehold improvements.
13. The Company does not write major medical insurance with prescription drug coverage.

NOTES TO FINANCIAL STATEMENTS

Note 2 - Accounting Changes and Corrections of Errors

The Company adopted the provision of SSAP No. 101, Income Taxes a Replacement of SSAP No. 10R and SSAP No. 10, effective January 1, 2012. SSAP No. 101 provides new requirements for tax loss contingencies and the calculation and admissibility of deferred tax assets. There was no difference between the recalculated amounts as of January 1, 2012 and the amount actually reported in the prior year financial statements.

4. The Company did not hold any loan-backed and structured securities that were in an unrealized loss position as of December 31, 2012.
5. All loan-backed and structured securities in an unrealized loss position were reviewed to determine whether other-than-temporary impairments should be recognized. The Company asserts that it has the intent and ability to hold these securities long enough to allow the cost basis of these securities to be recovered. It is possible that the Company could recognize other-than-temporary impairments in the future on some of the securities, if future events, information, and passage of time causes it to conclude that declines in value are other-than-temporary.
