(B) Use of Estimates in the Preparation of the Financial Statements

The preparation of the financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Therefore there is no effect on the reported net income, statutory surplus and risk based capital from utilizing an accounting practice that differs from the NAIC statutory accounting practices and procedures.

NOTES TO FINANCIAL STATEMENTS

(C) Accounting Policies

Investment Income and Declines in Fair Value

The Company periodically reviews its bonds to determine whether a decline in fair value below the amortized cost basis is other than temporary. The process for identifying declines in the fair value of investments that are other than temporary involves consideration of several factors. These factors include (1) the period in which there has been a significant decline in value; (2) an analysis of the liquidity, business prospects, and overall financial condition of the issuer; (3) the significance of the decline; and (4) our intent and ability to hold the investment for a sufficient period for the value to recover. When our analysis of the above factors results in the conclusion that declines in fair values are other than temporary, the cost of the securities is written down to fair value and is reflected as a realized loss.

Bonds

Bond investments are stated at amortized cost and consist of United States Treasury and government agency securities as well as "Investment Grade" corporate notes with fixed rates and maturities. Interest income is accrued as earned. The Company has both the intent and ability to hold all securities until maturity and, accordingly, has categorized all investments as "held-to-maturity" securities. As a result, unrealized gains and losses are excluded from net income.

Claims and Claims Adjudication Expenses

The estimated liability for claims incurred but unpaid is actuarially determined based on an analysis of historical claims experience, modified for changes in enrollment, inflation and benefit coverage. The estimated liability for accrued claims adjudication expense represents the anticipated cost of processing claims incurred but unpaid at the balance sheet date. The estimates for claims and claims adjudication expenses may be more or less than the amount ultimately paid when claims are settled. Such changes in estimates are reflected in current period operations.

Additionally, in accordance with NAIC guidelines, the following accounting policies are either utilized or are not applicable to the company.

1. Short term investments are stated at amortized cost.
2. Bonds are stated at amortized value using the constant yield / scientific method.
3. The company does not own common stocks; hence this accounting policy is not applicable.
4. The company does not own preferred stocks; hence this accounting policy is not applicable.
5. The company does not have mortgage loans; hence this accounting policy is not applicable.
6. Loan-backed securities are stated at amortized value using the constant yield / scientific method.
7. Investments in subsidiaries, controlled and affiliated entities would be reported using the equity method.
8. The company does not have investments in joint ventures, partnerships and limited liability companies; hence this accounting policy is not applicable.
9. The company does not own derivatives; hence this accounting policy is not applicable.
10. The company does utilize anticipated investment income as a factor in the premium deficiency calculation.
11. The company methodologies for estimating the liabilities for losses and loss/claim adjustment expenses are actuarially derived as described above.
12. The capitalization policy and the predefined thresholds did not change from the prior period.
13. The company does not use pharmaceutical rebate receivables; hence this accounting policy is not applicable.

NOTE 2 - - ACCOUNTING CHANGES AND CORRECTION OF ERRORS

NOTES TO FINANCIAL STATEMENTS

As part of this current year's annual statement preparation, the Company's financial statements contain no items that resulted from corrections of errors or changes in accounting principles. Additionally, as required the Company's financial statements are prepared in accordance with the Codification of the NAIC Accounting Practices and Procedures Manual. This had no material impact on the 2013 and 2012 accounting practices or resulting statutory income and surplus as reported by the Company.

There was one financial reporting change for 2013. Per NAIC reporting guidance, beginning in 2013 bond amortization of bonds purchased at a premium is included in the change in net unrealized capital gains (losses) in the net changes in surplus, reported below statutory net income on the Statement of Revenue and Expenses. For 2012 and prior years the amortization of premiums on bond purchases had been included in net investment income earned and therefore included in statutory net income. This reporting change has no effect on the statutory surplus reported by the Company.

NOTE 3 - - BUSINESS COMBINATIONS AND GOODWILL

During 2013 the Company had no business combinations, direct purchases or mergers with other companies.

NOTE 4 - - DISCONTINUED OPERATIONS

During 2013 the Company's financial results include no gains or losses from discontinued operations.

NOTE 5 - - INVESTMENTS

The Company's bond investments described in Note 1 represent all of the Company's statutory recorded investments at December 31, 2013 and December 31, 2012.

Additionally, in accordance with NAIC guidelines, the following accounting policies are either utilized or are not applicable to the company.

1. Mortgage Loans, including Mezzanine Real Estate Loans – This is not applicable.
2. Debt Restructuring – This is not applicable.
3. Reverse Mortgages – This is not applicable.
4. Loan Backed Securities – This is not applicable.
5. Repurchase Agreements and/or Securities Lending Transactions – This is not applicable.
6. Real Estate – The company's parent through one of its subsidiaries, Altus Realty, owns the building that functions as corporate headquarters for the parent and all subsidiaries.
7. Investments in low-income housing tax credits – The company does utilize state tax credits, which may include low-income housing tax credits. See footnote number 21, where accounting for tax credits is addressed.

NOTE 6 - - JOINT VENTURES, PARTNERSHIPS and LIMITED LIABILITY COMPANIES

During 2013 and 2012 the Company did not participate in any joint ventures, partnerships or LLCs.

NOTE 7 - - INVESTMENT INCOME

NOTES TO FINANCIAL STATEMENTS

Interest income is accrued as earned. At December 31, 2013 and December 31, 2012, the Company had no income due or accrued that it considered a nonadmitted asset, as collection on accrued interest is reasonably assured for all Company investments.

NOTE 8 - - DERIVATIVE INSTRUMENTS

NOTE 9 - - FEDERAL INCOME TAXES

There are no temporary differences for which deferred tax liabilities are not recognized.

There was no valuation allowance adjustment to gross deferred tax assets as of December 31, 2013 and no net change in the total valuation allowance adjustments for the years ended December 31, 2013 and December 31, 2012, respectively.

Based on historical results and the prospects for future current operations, management anticipates that it is more likely than not that future taxable income will be sufficient for the realization the remaining deferred tax assets.

As of December 31, 2013 and December 31, 2012, there are no operating losses or tax credit carryforwards available for tax purposes.

The following are income taxes incurred in the current and prior years that will be available for recoupment in the event of future losses:

The other subsidiaries of The Altus Group, Inc. are Altus Systems, Inc. and Altus Dental, Inc., which are included in the consolidated returns for both federal and state tax reporting.

The Company's income tax returns that remain open to examination are for the years 2010 and subsequent.

NOTE 10 - - INFORMATION CONCERNING PARENT, SUBSIDIARIES AND AFFILIATES

Altus Dental Insurance Company, Inc. is a wholly owned subsidiary of The Altus Group, Inc. which itself is a wholly owned subsidiary of Delta Dental of Rhode Island. This group of affiliated for-profit entities was established in 1999 for the purpose of expanding the ultimate parent company's offering of prepaid dental care products to organizations based outside the State of Rhode Island.

NOTES TO FINANCIAL STATEMENTS

Delta Dental of RI is allocated expenses from Altus Systems, Inc., a subsidiary within the Altus Group. Altus Systems (AS) is the company that employs the operations staff necessary to administer the dental business of both DDRI and Altus Dental Insurance Company. As a for-profit company, AS “sells” its dental related services to its sister and ultimate parent company at a 2% markup over its costs (to satisfy IRS requirements); therefore AS generates net income on its dental operations. The allocations from Altus systems are based on the Company’s member enrollment levels as a percentage of total consolidated dental member enrollment.

The Parent Company’s other dental insurance subsidiary, Altus Dental Insurance Company, is allocated expenses from three affiliated Companies. The Parent, Delta Dental of RI and two sister companies (Altus Systems, Inc. and Altus Dental, Inc.) within the Altus Group. The allocations from Delta and Altus Systems are based on the Company’s member enrollment levels as a percentage of total consolidated dental member enrollment. Expenses from Altus Dental are based on the number of subscribers under contract by the Company. The main allocated expenses from each source are as follows:

- Expenses are allocated from the Parent, Delta Dental (DDRI), for costs associated with a portion of consolidated expenses incurred by the Parent that should be spread among the two insurance companies. The main costs in this category would be rent, depreciation and payroll and fringes benefit costs for the various departments that service both insurance Companies.
- Altus Systems (AS) is the company that employs the operations staff necessary to administer the dental business of both DDRI and this Company.
- Altus Dental incurs costs related to: (1) advertising, (2) recruiting and servicing the provider network, and (3) sales and marketing activities. These costs are then allocated to the Company based on the volume of subscriber dental contracts

For the periods ended December 31, 2013 and December 31, 2012, after elimination of intercompany transactions, The Altus Group, Inc. generated income of \$2,349,000 and \$2,786,000, respectively.

Altus Dental Insurance Company, Inc. is allocated expenses from affiliated entities based on allocation methods, which are analyzed and updated by management on an annual basis. The resulting total expense allocations are disclosed on Schedule Y of the 2013 Annual Statement filing. Total expenses, including these allocated expenses, are disclosed in more descriptive detail in the Underwriting and Investment Exhibit Part 3 – Analysis of Expenses.

At December 31, 2013 and December 31, 2012 the Company has intercompany payables to the Altus Group, Inc. and other affiliates. Some of these balances resulted from the fact that Altus Dental Insurance Company maintains the sweep banking arrangement for the Altus Group and its subsidiaries. The remainder of these balances are related to allocated expenses.

Management’s cash flow projections for The Altus Group, Inc. and its subsidiaries are made based on a number of factors, which affect the changes in the intercompany balances over the period of time being analyzed. The most significant factors include: the relative and absolute growth in enrollment levels for Altus Dental Insurance Company, Inc.; the amount and rate of increase in operating and administrative expenses; the level of success Altus Dental, Inc. experiences in developing and maintaining its dental network; and the level of resources required by Altus Dental, Inc. for recruitment and marketing functions. Management’s current cash flow projections for The Altus Group, Inc. and its subsidiaries projects profitability going forward and that the intercompany advances will be reduced gradually over time.

NOTE 11 - - DEBT

During the periods ended December 31, 2013 and December 31, 2012 the Company had no outstanding capital notes or any debt arrangements.

NOTES TO FINANCIAL STATEMENTS

NOTE 20 - - FAIR VALUE MEASUREMENTS

The use of different assumptions or valuation methodologies may have a material impact on the estimated fair value amounts.

The Company's valuation techniques are based on observable and unobservable pricing inputs. Observable inputs reflect market data obtained from independent sources based on trades of securities while unobservable inputs reflect the Company's market assumptions. These inputs comprise of the following fair value hierarchy:

Level 1 – Observable inputs in the form of quoted prices for identical instruments in active markets.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be derived from observable market data for substantially the full term of the assets or liabilities.

Level 3 – One or more unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets and liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using internal models, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The Company does not currently have any financial assets that are measured at Level 3 fair value on a recurring basis.

The book values and estimated fair values of the Company's financial instruments are as follows:
