

# OLS

*SBS Online Licensee Services (OLS)* provides insurance licensees with the ability to complete numerous functions related to licensing and licensee status online. SBS OLS allows licensees to print licenses, submit information for license renewals and address changes, and receive e-mail notification of license renewals, original and renewal license approvals, line of authority additions and deletions, license and residency status changes, and more.

## FEATURES

- ★ 24-hour access
- ★ On-demand license print
- ★ Online license renewal
- ★ E-mail notification of license approval and license detail changes
- ★ View licensee summary
- ★ Address change capability

### Why *SBS OLS*?

*SBS OLS* allows you to conduct business with utmost efficiency by providing you with increased control of your licensee information and status. *SBS OLS* provides you with 24-hour access to your licensing information enabling you to avoid time-consuming calls to the state. *SBS OLS* offers you the opportunity to renew licenses online; submit address changes; receive e-mail notification of lines of authority and doing-business-as additions and deletions, residency and license status changes, license renewal notice; original and license renewal approval, and name changes; as well as print your license, at your convenience.

For license administrators, *SBS OLS* reduces the time involved in tracking multiple licensees by enabling you to print licenses and view names, lines of authority and license status, and submit changes of address, among other things, for an unlimited number of licensees from a single login. With *SBS OLS*, you can safeguard the success of your business by effortlessly tracking licensee information and ensuring that all licensees have up to date information recorded with the state. Moreover, *SBS OLS* provides you with the capability to easily generate specific, user-defined reports containing data for multiple licensees, helping you track licensee records.
