Auto Body Labor Rate Survey

Insurers and Groups Which Must Participate in 2018 Survey

The following insurers and insurance groups have been determined to meet the criteria in [230-RICR-200-5-10](#) (formerly Insurance Regulation 108), i.e. 1% or greater market share, which requires compliance with the regulation in calendar year 2018. The determination was made based upon 2017 calendar year premium data as reported to the Department through the National Association of Insurance Commissioners.

[R.I. Gen. Laws § 27-29-4.4](#) requires separate and distinct surveys for the two classifications of Auto Body Shops – Class A and Class B. The survey form has the classification section on the form. Following receipt of responses insurers must determine separate and distinct auto body labor rates for each classification of shop including a separate rate for aluminum if applicable and that information must be included in the filing with the department.

Each insurer and insurance group listed below must, prior to June 1, 2018, send questionnaires to the Fully Licensed Auto Body Repair Facilities listed in the two charts posted on the Department website adjacent to this bulletin. Insurers may satisfy the requirements of the regulation by sending questionnaires and submitting the report on a group basis. If the insurance group does not comply with the regulation it is the responsibility of the individual insurers to do so. Please refer to [230-RICR-200-5-10](#) (formerly Insurance Regulation 108) for complete information on compliance. Each insurer and insurance group listed below must email a report to dbr.specialreports@dbr.ri.gov not later than September 1, 2018.
