Note 1 - Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements have been prepared in accordance with accounting practices prescribed or permitted by the State of Rhode Island and Providence Plantations Department of Business Regulation - Insurance Division (Division). The State of Rhode Island requires insurance companies domiciled in the state to prepare their statutory financial statement in accordance with the National Association of Insurance Commissioner' (NAIC) Accounting Practices and Procedures Manual.

The Rhode Island Automobile Insurance Plan's (referred to as the Plan) primary responsibility is to provide automobile insurance to qualified applicants unable to procure such insurance through ordinary methods. Plan was granted a Certificate of Authority in October 2018 and started writing private passenger automobile insurance on January 1, 2019. Prior to this, the Plan used a Service Center approach to handle the residual market policies and assigned them to various insurance companies that write within the state. The Plan also receives OTPP applications and distributes them to a servicing carrier who writes the business on their voluntary book of business. The residual market is funded by the creation of a pooling mechanism and, through assessments, is funded by all member insurers in the state.

The Board of Governors has appointed AIPSO to act as Central Processor to perform accounting and statistical functions for the Plan for which it is charged a service fee. Assessments are remitted to AIPSO as Central Processor when due. Every insurer authorized to write automobile liability or physical damage insurance in the state shall be a member of the Plan and shall subscribe to and be bound by the rules and regulations adopted pursuant thereto. AIP members will record the assessments on their books as boards and bureaus expense. Each member company will report to AIPSO as Central Processor any credits or exception premium that would be netted with NAIC annual statement premium as required by the state Plan of Operation.

AIPSO maintains separate general ledger records to account for the AIP business. They have a chart of accounts, ledgers, and necessary support to clearly control the policy and claim services reported. The Plan maintains detail records for the private passenger policies written after January 1, 2019.

Differences between Rhode Island prescribed practices and NAIC statutory accounting practices (NAIC SAP) follow:

Note 8 - Derivative Instruments

Not applicable

Note 9 - Income Taxes

A-I The Plan is a tax exempt- organization as described in Section 501(c)(6) of the Internal Revenue Code (the Code) and is generally exempt from income taxes pursuant to Section 501(a) of the Code. Based on the structure of the Plan described in note 1, if the Plan was determined to be a taxable entity, there would be no impact to the financial statements, as the Plan is operating in a net loss position and a full valuation allowance would be recorded The Plan is required to assess certain and uncertain tax positions and has determined that there were no uncertain positions that are material to the financial statements.

Note 20 - Fair Value Measurements

A. Inputs Used for Assets and Liabilities Measured and Reported at Fair Value

The use of different assumptions or valuation methodologies may have a material impact on the estimated fair value amounts. The valuation techniques are based on observable and unobservable pricing inputs.

Observable inputs reflect market data obtained from Plan's independent sources based on trades of securities, while unobservable inputs reflect market assumptions. These inputs comprise the following fair value hierarchy:

Level 1 – Observable inputs in the form of quoted prices for identical instruments in active markets.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be derived from observable market data for substantially the full term of the assets or liabilities.

Level 3 – One or more unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets and liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using internal models, as well as instruments for which the determination of fair value requires significant management judgment or estimation

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The carrying amount of cash and cash equivalents are level 2 prices as they approximate fair value.

Asset at Fair Value	Level 1	Level 2	Level 3	Total
Bonds and asset back securities	-	-	-	-
Bonds – issuer obligations	-	-	-	-
Multi class commercial mortgage-	-	-	-	-
backed securities

SUPPLEMENTAL EXHIBITS AND SCHEDULES INTERROGATORIES

The following supplemental reports are required to be filed as part of your statement filing. However, in the event that your company does not transact the type of business for which the special report must be filed, your response of **NO** to the specific interrogatory will be accepted in lieu of filing a "NONE" report and a bar code will be printed below. If the supplement is required of your company but is not being filed for whatever reason enter **SEE EXPLANATION** and provide an explanation following the interrogatory questions.

		Response
1.	Will the Trusteed Surplus Statement be filed with the state of domicile and the NAIC with this statement?	NO
2.	Will Supplement A to Schedule T (Medical Professional Liability Supplement) be filed with this statement?	NO
3.	Will the Medicare Part D Coverage Supplement be filed with the state of domicile and the NAIC with this statement?	NO
4.	Will the Director and Officer Insurance Coverage Supplement be filed with the state of domicile and the NAIC with this statement?	NO
5.	AUGUST FILING Will the regulator-only (non-public) Communication of Internal Control Related Matters Noted in Audit be filed with the state of domicile and electronically with the NAIC (as a regulator-only non-public document) by August 1? The response for 1st and 3rd quarters should be N/A. A NO response resulting with a bar code is only appropriate in the 2nd quarter.	NO
